Refer: AR-D-1224 med 3

and the same of th

7 May 1952

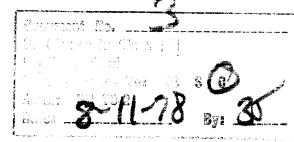

TO : Project Beview Committee

FROM : Chief, Medical Staff

SUBJECT: X-Ray Equipment

- PROBLEM. -- The present X-Ray unit in the Central Building Dispensary is inadequate.
- 2. FACTS BRARING ON THE PROBLEM. --
 - A. The present X-Ray unit is twelve years old and has been used in excess of its original design. The life expectancy of such equipment is ten to fifteen years.
 - B. Repair costs for the last calendar year have exceeded \$1,200.
 - C. The age of the equipment places technical limitations on the Medical Office requiring use of consultant's private equipment for complex procedures.
 - D. The cost of new equipment is estimated at \$12,000; allowance for present unit is \$3,000.
- 3. DISCUSSION .-- The facts are self-explanatory.
- 4. COMCLUSION .-- The present X-Ray unit should be replaced by more adequate, modern equipment.

Approved For Release 2002/05/02: CIA-RDP78-04718A000400190005-4

 ACTION RECOMMEND. -- It is recommended that \$10,000 be allocated the Nedical Office for the purpose of purchasing macessary equipment.
